COVER NOT FINAL The official behind-the-scenes art book for Sony Pictures Animation's feature film The Mitchells vs. The Machines The Mitchells vs. The Machines is a comedy about an everyday family's struggle to relate while technology rises up around the world! When Katie Mitchell, a creative outsider, is accepted into the film school of her dreams, her plans to meet "her people" at college are upended when her nature-loving dad Rick determines the whole family should drive Katie to school together and bond as a family one last time. Katie and Rick are joined by the rest of the family, including Katie's wildly positive mom Linda, her quirky little brother Aaron, and the family's delightfully chubby pug Monchi for the ultimate family road trip. Suddenly, the Mitchells' plans are interrupted by a tech uprising: All around the world, the electronic devices people love—from phones to appliances to an innovative new line of personal robots—decide it's time to take over. With the help of two friendly malfunctioning robots, the Mitchells will have to get past their problems and work together to save each other and the world! The Art of The Mitchells vs. The Machines gives insight into how the filmmakers were able to bring this fresh, new vision to the screen through concept art, sketches, and early character designs, accompanied by exclusive commentary from director/co-writer Michael Rianda and co-director/co-writer Jeff Rowe, alumni of the team behind Emmy Award-winning Gravity Falls, and producers Phil Lord and Christopher Miller, the innovative and creative minds behind The Lego Movie and the Academy Award-winning Spider-Man: Into the Spider-Verse.

But when tragedy strikes shortly after Andrés receives a letter from the famous Marta Sandoval, inviting her old partner to her farewell concert in Miami with the hope of reconnecting, it's up to Vivo to deliver a message that Andrés never could: A love letter to Marta, written long ago, in the form of a song. Yet in order to get to the distant shores of Miami, Vivo will need to accept the help of Gabi—an energetic tween who bounces to the beat of her own offbeat drum. VIVO is an exhilarating story about gathering your courage, finding family in unlikely friends, and the belief that music can open you to new worlds. The Art of VIVO offers readers insight into how this design aesthetic for the film was developed and how animators take inspiration from real-world locales to bring songs to animated life.
