Author Cassandra Overby tells you how you can spend all, or even just part, of your vacation enjoying scenery, small towns, and cultural experiences most travelers miss—all without carrying a big backpack. This guide offers all the nuts and bolts you need: how to choose a route that is right for you, how to plan, what to pack, what to expect, how to find accommodations and food, how to deal with challenges along the way, and so much more. These aren't wilderness backpacking trips, but rather a wide range of town-to-town walks that offer the opportunity to have an authentic, affordable, restorative vacation. Travelers will also appreciate overviews of fifteen long-distance trails in Belgium, France, Italy, Germany, Great Britain, Morocco, Portugal, Spain, Switzerland, and Turkey, with itineraries that range from one to fifteen days. IF YOU CAN'T BEAT THEM... After living with penis size anxiety for most of his 50 years author, Ant Smith, decided we needed an honest self-help book on the subject. Something to turn up in search results other than the endless (and expensive) so called 'enlargement guides'. After organising London's first ever Big Small Penis Party and giving countless interviews on what it's like living with a little willy, Ant has plenty to say on the matter! You will read the only methods for penis enlargement in this book. But more importantly you will read how to overcome the anxiety itself - because without managing that, no size is ever going to lead to peace. THIS IS A REALLY TOUGH SUBJECT so there is plenty of humour, candour and real-life stories in these pages. If you are suffering yourself, or if you are body-positive, or if you are just curious THIS is a must read.

Some heroes are fated to save the world. Others are meant to destroy it... Olive Kennedy is all about positive thinking. She's been stuck on Earth for the past four months, waiting for the spring equinox to arrive so she can return to Fairy World—but she's staying positive. She's hopeful she'll once again see her handsome Viking fiancé who's waiting for her. She's optimistic that her mission to reclaim the sword of Dracon—a sword of King Arthur fame and the only weapon capable of killing Theht—won't result in death and destruction. And then there's the small matter of an asteroid that's been ripped out of its orbit and is hurtling toward Earth...no biggie. One last thing—she's fated to destroy the world. To stop that prophecy from being fulfilled, she may have to sacrifice the one person she loves the most. Good thing she's staying positive. When Hannah Witton started documenting her journey coming off the pill and re-getting her period, she wasn't anticipating the reaction, from people of all ages, that talking about it would bring. It exposed a glaring gap - the resources and the spaces to talk honestly about periods just aren't there. And with more and more research showing that your period and your hormones can affect literally every area of your life, this is a problem. The Hormone Diaries draws on both Hannah's own experiences and, through crowdsourcing on her social media platform, those of her fans too. It looks at the cultural differences in how periods are treated around the world and includes space for readers to write about their own experiences, creating the definitive period self-help book 50% of the world has been waiting for.
