Laravel: Code Smart – Dayle Rees

Dayle Rees. Code Smart is the number one book for learning the Laravel PHP framework. It is written in a simple, understandable, and entertaining style that is welcoming to all. Let's discover Laravel together. Table of Contents.

Laravel: Code Smart by Dayle Rees [Leanpub PDF+Pad+Kindle]

Code Smart: Installation I'm sure you're eager to get started with Laravel. Since it's a web framework, it's important that we create an environment with a web-server. In a production environment, this would take a long time to configure, and would rely on a unix-based platform, so let's build a homestead instead.

Code Smart: Installation – Dayle Rees

Dayle Rees today launched his newest Laravel book, Code Smart. Laravel: Code Smart is the third installment in my 'Code' series of books for the Laravel framework. The 'Code' books have thousands of readers and are considered by many to be the most effective method of learning the Laravel framework.

Laravel: Code Smart + Dayle Rees + download

Code Smart: Introduction. Why hello there! Pleased to meet you. My name is Dayle, and I'm a developer. I've just started my fourth decade on this planet, and I hail from the pleasant land of Wales. Many years ago, I was one of the first to use a brand new framework for the PHP programming language called 'Laravel.'

Code Smart: Introduction – Dayle Rees

Code Smart: Valet Laravel is a piece of software that exists within the Laravel ecosystem to allow you to run web applications using the stack that is already installed on your development machine. For example, you might already have PHP installed locally, or a copy of MariaDB to use as a database.

Code Smart: Valet – Dayle Rees

Code Smart: Composer. In this chapter, we're going to take a pause from Laravel to examine another tool in the PHP world. Don't worry, Laravel does make use of this tool, so if you stick it out, it will make you a better Laravel developer. Composer is something special in the world of PHP.

Code Smart: Composer – Dayle Rees

Dayle Rees Code Smart is the number one book for learning the Laravel PHP framework. It is written in a simple, understandable, and entertaining style that is welcoming to all.

Laravel: Code Smart by Dayle Rees [Leanpub PDF+Pad+Kindle]

Code Smart: Lifecycle. If you've not used a PHP framework before, then you'll likely be used to having a bunch of different PHP files in your web directory. The person using your web application will request each script individually. Laravel uses a front-controller and router combination.
