A glimpse into the lives of LGBTQ migrants in Johannesburg, in their own words Seeking Sanctuary brings together poignant life stories from fourteen lesbian, gay, bisexual and transgender (LGBT) migrants, refugees and asylum seekers living in Johannesburg, South Africa. The stories, diverse in scope, chronicle each narrator's arduous journey to South Africa, and their corresponding movement towards self-love and self-acceptance. The narrators reveal their personal battles to reconcile their faith with their sexuality and gender identity, often in the face of violent persecution, and how they have carved out spaces of hope and belonging in their new home country. In these intimate testimonies, the narrators' resilience in the midst of uncertain futures reveal the myriad ways in which LGBT Africans push back against unjust and unequal systems. Seeking Sanctuary makes a critical intervention by showing the complex interplay between homophobia and xenophobia in South Africa, and of the state of sexual orientation and gender identity (SOGI) rights in Africa. By shedding light on the fraught connections between sexuality, faith and migration, this ground-breaking project also provides a model for religious communities who are working towards justice, diversity and inclusion.

Three of #1 New York Times bestselling author Colleen Hoover's most irresistible books, Ugly Love, Maybe Someday, and the novella Maybe Not, gathered together in one collection for the first time. Ugly Love: When Tate Collins meets airline pilot Miles Archer, it isn't exactly love at first sight. But there is an undeniable mutual attraction. Once their desires are out in the open, they realize they have the perfect set-up: he doesn't want love, she doesn't have time for a relationship, so that just leaves the mind-blowing sex. The arrangement could be seamless, as long as Tate never asks about the past and doesn't expect a future. Maybe Someday: Sydney's perfect life is thrown into disarray when she discovers that her boyfriend is cheating on her, and she finds herself captivated by her mysterious neighbor, Ridge. Sydney can't take her eyes off him or stop listening to the passionate guitar music he plays every evening. As the music swells, they soon find themselves needing each other in unexpected ways. Maybe Not: Warren needs a roommate. Enter cold, calculating Bridgette. Tensions run high and tempers flare as the two can hardly stand to be in the same room together. But Warren has a theory: anyone who can hate with such passion must also have the capability to love with such passion. Will Bridgette

find herself finally able to love?

Awakening in a bleak landscape, Cass Dollar vaguely recalls enduring something terrible. Having no idea how many days—or weeks—have passed, she slowly realizes the horrifying truth: her daughter, Ruthie, has vanished. And with her, nearly all of civilization. Instead of winding through the once-lush hills, the roads today see only cannibalistic Beaters—people turned hungry for human flesh by a government experiment gone wrong. In a broken, barren California, Cass will undergo a harrowing quest to get Ruthie back. Few people trust an outsider—much less one who bears the telltale scars of a Beater attack—but she finds safety with an enigmatic outlaw, Smoke. And she'll need him more than ever when his ragged band of survivors learn that she and Ruthie have become the most feared, and desired, weapons in a brave new world....
