A Kryon Parable by Lee Carroll: The Story of Michael Thomas and the Seven Angels. This fascinating book-length parable about a man's journey 'home' reads like a novel and imparts the incomparable wisdom of Kryon. Includes beautiful paintings from Pax Nidorf.

The author was a businessman when he started to write as the great living entity called Kryon. In a wonderful story in which readers will recognize themselves and their personal situations, Kryon offers penetrating insights which tell how a return to the true self can be achieved.

this seventh Kryon book of the bestselling Kryon series is the last channelled one before the turn of the century. It deals with exactly that subject: channelled good news from a very loving entity that gets us ready for the "New Jerusalem."

Spiritual seekers everywhere know it: the world is changing rapidly. The old rules don ' t apply. The more open we are to guidance the more guidance will come to us. The guidance in this book teaches us how to recognize the interdimensional energies in our 3D world. As governments shift, economies are pruned, and systems fail, here are hopeful instructions for how celebrate the failure of the old as it makes way for the new, how to balance our energy and that of the planet, and how to meet the future which is now.

The Indigo Child is a boy or girl who displays a new and unusual set of psychological attributes, revealing a pattern of behavior generally undocumented before. Throughout this work, Carroll and Tober bring together some very fine minds (doctors, educators, psychologists, and more) who shed light on the Indigo Child phenomenon. These children come in "knowing" who they are—so they must be recognized, celebrated for their exceptional qualities, and guided with love and care. This book is a must for parents!

"Have you ever wondered about Human Evolution? Are we actually evolving at all? This entire book is dedicated to the channellings of KRYON, who lovingly describes some of the truly unexpected aspects of what THE NEW HUMAN means, and the coming evolution of our species"--Amazon.com.

"Kryon speaks of new human empowerment and says that we all meta-phorically "stood in line" to be here on the planet at this particular time. Can we really become different? Can we actually create our own reality or heal ourselves? Absolutely!"

Book Eleven in the popular Kryon channelling series of books, published over the past 18 years.
